## CHOICE Set of Citizenship Educational Activities on Climate Change - CHOICE Educational Paths

The **main results of the CHOICE project**, the Set of Citizenship Education Activities on Climate Change, are finally out: the **CHOICE Educational Paths** are 10 independent, open-access, adaptable curricula on topics relevant to Climate Change, Environment, Human Impact on Climate Change, and Sustainability.

**Teachers and Educators are invited to visit [our website](#)** and check out the CHOICE Educational Paths on the [e-Learning Platform](#) to learn more on what they are and how you can get involved in CHOICE activities!

## CHOICE “Citizenship cOmpetences to tackle climateChangeEs”

With our platform, you can quantify your skills, grow in your role and stay relevant on critical topics. Support the development of the citizenship competences of primary and secondary school students, enabling them to do their part in the fight against climate change through the adoption of sustainable behaviours. Raise awareness on climate change.

### CHOICE EDUCATIONAL MATERIAL

The educational material will be available also in the following languages

## **IMS Giordano Bruno Multiplier Event in Rome**

On May 16th, CHOICE partner school **IMS Giordano Bruno** of Rome organised the **first of the CHOICE Multiplier Events!**

The Multiplier Events are meant to spread the news about the CHOICE main results and activities, create networking and synergy among various stakeholders: students, schools, local administration and communities, and education-related bodies.

**Kudos to IMS Giordano Bruno partners for organising such an engaging and successful event! 🙌🙌🙌**
